

Postdoc kursus om aldring og sundhed

Lunds Universitet udbyder et postdoc kursus under den nationale forskerskole om aldring og sundhed, SWEAH. Kurset foregår på engelsk og er også åbent for danskere.

Postdoc course

SWEAH Postdoctoral course with start in February 2019: [From junior to senior researcher in research on ageing and health](#)

We are opening up the course for applications as follows:

1. PhD students with a confirmed date for their defence no later than April 30, 2019.
2. Post docs who have a post doctoral experience of a maximum of four years, that is, who defended their PhD degree not earlier than Jan 1, 2015.
(documented absence of leave after the defence does not count as post doctoral experience)

Last date of application is January 7, 2019

Please spread the information to other postdocs, as the course is open even outside of SWEAH and SWEAH partners.

Med vänlig hälsning / Best regards

Stina
